## "OLD GLORY" PROM- INENT IN SETTING OF PALMS

**Madrigal Club Concert Highly  
Enjoyed—Footlights Are  
Shaded With Flowers**

### A BOWER OF BEAUTY

**Glendalians Are Justly Proud  
of Their Charming and  
Talented Women**

The stage of the auditorium in the Broadway school was a bower of beauty last evening, with the beautiful folds of Old Glory prominent in a setting of palm branches at the back of the stage and its footlights shaded in ferns and yellow mustard. The occasion was the concert of the Madrigal Club.

The ladies in their dainty white dresses justified the pretty stage setting, as headed by Mrs. Clarke Addison Parker, they marched onto the stage and took their places. The opening chorus, "Land of Hope and Glory" (Elgar-Fagge), proved to those who had never heard the Madrigal Club before—if there were any such—that they had before them an evening of rare musical enjoyment.

Mrs. Helen Graham Cole's beautiful soprano of wide range was heard to advantage in "The Butterfly" (Woodman); and Geibel's "Kentucky Babe," by Miss Nellie Williams and the club was delightfully given. "Fairy Pipers" (Brewer) by Mrs. Cole and the club, brought forth wild applause, as did "Sparkling Sunlight" (Arditti), by the entire club. To this last named number they responded to vociferous applause with "Bow-Wow," a pretty, humorous chorus.

"Robin, Robin, Sing Me a Song" (Spross), was the selection in which Mrs. Albert M. Draper's rich contralto won the hearts of the audience; the two trios, Nevin's "Narcissus" and MacDowell's "To a Wild Rose," sung by Meses. Cole, Draper and Parker, were a rare treat, and the audience showed its appreciation by generous applause; Sullivan-Bartlett's "Lost Chord," by the entire Madrigal Club, was a beautiful finale to this excellent program. Lang's "Irish Love Song" was sung by the club by request of music lovers who had heard their exquisite rendition of this song at the St. Patrick's day concert.

The impersonations of Miss Hazel Campbell were wonderfully well given. Miss Campbell has not only the voice, the presence and the gift of interpretation, but she has also the mobile face whose quick changes of expression mean so much in her dark, dramatic and child characterizations.

Glendale may well be proud of such a musical organization as the Madrigal Club and its director, Mrs. Charles A. Foster, may well be proud of the work she has accomplished with this band of talented women.

As a mark of appreciation, each soloist was presented with beautiful bouquets of flowers at last evening's concert.

## RAILROADS MAKE STRIKE CERTAIN IS WORD GIVEN OUT

(By International News Service)

WASHINGTON, April 16.—There is tense anxiety in official labor circles today.

A strike is foreseen as a result of the United States railway labor board abrogating the present national agreements held by the 1,500,000 railroad workers affiliated with the American Federation of Labor and directing negotiations to be carried on between each individual railroad and its employees.

The attitude of the railroads makes a strike unavoidable in the privately expressed opinion of labor leaders, and fear is expressed that the board's decision will bring to a head the war that has been raging more fiercely than ever between capital and labor, creating for organized labor the greatest crisis in its history.

Conferences of railroad workers will be called, it is said, and according to predictions instructions will be given to each craft to take a strike vote to be used in event the "fundamentals" as laid down by the railway labor board in its decision, are rejected in negotiations with each individual road.

Roads which have been openly antagonistic to the unions, are expected by the labor leaders to reject the "fundamentals" which insure union recognition and the right to collective bargaining.

### DAINGEROUS GAME

"Do you like golf?" asked one of the players at a recent club tournament.

"Yes, but it's a dangerous game," replied one of the semi-finalists.

"Dangerous? Why?"

"I took it up to take my mind off my work; now I have to work hard to take my mind off golf."

## CORNERSTONE WILL BE LAID TOMORROW

Rev. James S. O'Neill, pastor of the Church of the Holy Family, invites the entire community to be present at tomorrow afternoon's ceremony of the cornerstone laying of the new church, when John Steven McGroarty, whose fame has traveled far as a California poet, philosopher and historian,

REV. J. S. O'NEILL

as well as author of the Mission Play, will be the speaker of the day. Many Glendale residents who look forward each week to the delight of reading the page conducted by John S. McGroarty in the Los Angeles Sunday Times will no doubt accept Rev. O'Neill's invitation to hear this distinguished Californian. The new church is at the corner of Elk and Louise streets and the ceremony will begin at 3 o'clock. Jesse Smith is marshal of the day.

Monsignor Patrick Harnett, vicar-general of the diocese of Monterey and Los Angeles, will bless the cornerstone and will give a very brief address. The Te Deum will be sung in English and Dwight W. Stephenson, president of the city board of trustees, will give a short talk. The ceremony will close with the singing of "The Star Spangled Banner" by the audience.

The long-cherished dream of Rev. O'Neill and his congregation reaches its fulfillment in the building of this church, which, when completed, will cost about \$60,000, without the furnishings and equipment, and which will be an artistic structure in old mission style, an edifice that will be a credit to Glendale. This is the summation toward which Rev. O'Neill has worked ever since he organized the parish here 14 years ago. Encouraged by the faith and devotion of Glendale's early Catholic settlers, he has labored on, often confronted with difficulties and discouraging obstacles, but always buoyed up by his confidence in Glendale's future as well as by the inspiration fostered by a loyal congregation.

The small building that has for a number of years sheltered Rev. O'Neill's ever-increasing flock was built by him on ground generously donated by Mrs. Emmeline Childs of Los Angeles. This modest church served its purpose while with patient energetic application the pastor welded together the nucleus of a permanent parish; but the growth of Glendale has worked with Rev. O'Neill's zeal to render this building entirely inadequate for the needs of the parish now.

The laying of the assurance of the dream of Rev. O'Neill and his people of a worthy place of worship, a building that will be a credit to the city. In this ambition their friends who admire their indefatigable labors sympathize with them and extend their congratulations on the success of their enterprise.

## "OLD BUCKSKIN" AT GLENDALE THEATER

Glendale theater was crowded to capacity last night when "Old Buckskin" and his educated horse "Headlight" appeared before a delighted audience.

The world's greatest educated pony "Honey Boy" will no doubt draw an equally good crowd tonight.

The feature picture at the Glendale theater tonight is a rousing funny five-reel comedy, "The Land of Jazz," featuring Eileen Percy, the beautiful Fox star. International News, Urban Movie with "Margie" as Mme. Clemont's special number on the Southland's greatest theater organ, complete this fine program.

Sunday's feature at the Glendale theater is a pre-view of the great Selznick special, "The Road of Ambition," with Conway Tearle and strong supporting cast.

The 13th recital of Mme. Clement premier organist, will be given at 6:30 tomorrow evening.

## WOMAN'S BAPTIST UNION HOLDS ALL-DAY SESSION AT CHURCH

**Delightful Program Given, Which Is Enjoyed by More Than  
Fifty Members and Visitors—Interesting Address  
on Hopi Indians—Elegant Lunch Served**

A meeting long to be remembered was the enjoyable all-day session which 50 members of the Women's Union of the Baptist church attended on Wednesday at Atherton Villa, Bu. bank.

Atherton Villa is a home for retired ministers and their families and also for missionaries on furlough. Those in the villa and the Glendale guests made a party of 60 or 70 in all.

Garlands of pepper boughs from chandeliers to the corners of the room, and bowls of beautiful red roses on the tables, gave a festive air to the hall where the elegant luncheon was served a la cafeteria.

The program of the afternoon was in charge of Mrs. Ballentyne, of Atherton Villa, and presented by residents of the villa.

Several piano solos were played in charming manner by Mrs. Hoefner, over 80 years of age, who also played the accompaniments for the vocalists,

six ladies of the villa, who entertained with a number of songs.

Miss Abigail Johnson, missionary to the Hopi Indians of Arizona, gave an interesting talk on her work among them, and also sang a Hopi Indian song, accompanying herself on the guitar. She returned today to her work in Arizona.

Miss Ida Scofield, who started the Baptist missionary work among the Mono Indians, which has now grown to four or five missionary stations, also gave an interesting talk, and exhibited specimens of the arts and crafts of the Indians as well as photographs and curios of various kinds. She sang a Comanche and also a Mono Indian song.

Mr. and Mrs. F. J. Bradshaw, missionaries from China, and their small son and daughter, also contributed to the entertainment. Mrs. Bradshaw and the children appeared in Chinese costume. Mr. Bradshaw spoke on current events in China, and the children sang several Chinese songs.

## AMERICAN LEGION'S INFORMAL DANCE

The informal entertainment and dance given by Post 127 of the American Legion at headquarters on East Broadway, Friday night, over which Commander Emil Kiefer presided, proved highly enjoyable to all who participated. Buron Fitts, district commander, had expected to be there, but was prevented from carrying out his purpose by an urgent call to Sacramento.

The program opened at 9 p. m., with a song by Miss Viola Yorba, who graciously responded to applause with an encore number.

Miss Jane Nicoles, daughter of Past Commander Nicoles gave a fancy toe dance and then Miss Yorba gave a Spanish song in costume. Informal dancing followed and refreshments were served by ladies of the auxiliary. No business session was held.

## SABIN BUCK HOST TO ENDEAVORERS

The "Look-out Committee of society B of the Christian Endeavor Society of the Presbyterian church were the dinner guests last evening of the chairman of the committee, Sabin Buck, at his home, 112 South Jackson street.

Purple and gold, the Christian Endeavor colors, formed the pretty color combination of the decorations of the table, where place cards in the same colors marked places for Ethel Preston, Mary McDill, Josephine Rettburg, Everett Anderson and the host.

## "HOLD YOUR HORSES" AT PALACE GRAND

Tom Moore, star of "Hold Your Horses," a Goldwyn production of Rupert Hughes story, which will be shown at the Palace Grand theater today, has long been one of the screen's most popular stars, and his popularity is still growing. Moore was born in Ireland and he possesses all the lovable Celtic traits. In his latest picture he has the part of a street cleaner who rises to political power in New York.

"Some day when dreams come true" is the theme on which "Hold Your Horses" is based. The dreams almost drove the dreamers to suicide when they dreamed them, but afterwards proved to be the most wonderful things that ever came into their lives. Naomi Childers does some excellent comedy work in the picture.

## GREAT COAL STRIKE NEARING AN END

(By International News Service)

LONDON, April 16.—The great coal strike continues, but its end is believed in sight because the backbone of the powerful labor body, upon which the miners counted to win their battle, has been broken. The triple alliance was no longer an alliance today, but a disrupted organization of 4,000,000 men wavering between bitter disappointment, open revolt and widespread amazement. Their leaders had quarreled in the hour of supreme crisis and Premier Lloyd George, shrewdly grasping his opportunity, delivered the body blow to the alliance at the very moment when to the outside world it had appeared invincible.

### ATTENDED LECTURE

Dr. Caroline Paine Jackman of 515 North Kenwood, accompanied by Mrs. Margaret Briggs, attended the lecture last evening given by Dr. O. E. Miller at the Trinity Auditorium in Los Angeles. Dr. Jackman is an old friend of Dr. Miller, and his family, having spent some time assisting him in his work as his Spring Grove house in London. They will be her guests at a luncheon in the near future.

## GRADUATION DAY SET FOR JUNE 16

At the regular meeting of the high school board of trustees held Thursday evening, the two new members elect, Dr. H. V. Brown and T. D. Watson were present by courtesy. They do not take their places on the board until May.

One of the most important matters of business transacted was the fixing of Thursday, June 16, as the date of graduation exercises and voted to accept the offer made by Manager Howe of the Glendale theater for the use of his auditorium that evening.

A number of things involving plans for next year were discussed, but no definite action was taken.

## ONE OF CALIFORNIA'S BEAUTIFUL VALLEYS

Not all the lovely scenic rides in Southern California are motor trips. Many of the loveliest beauty spots in the Southland may be visited by street car.

The many newcomers in Glendale will be interested to know that for a single car fare they can ride through one of California's most beautiful valleys, viewing from car windows a panorama of wondrous mountains and wooded dells through which wander canyon streams with banks of green.

The Glendale and Montrose railway traverses just such a lovely stretch of country. The hillsides and the vales between are dotted with pretty mountain cottages as well as more pretentious country estates. Through a mountain pass known as Verdugo canyon this road takes its course, passing near the old adobe which long ago in the days of the Dons, "before the Gringo came," was the ranch house of the Verdugo estate.

Climbing on up to Montrose, where the elevation is 1,500 feet, the road emerges from the canyon, where the character of the scenery is entirely different. On it goes, still higher, till La Crescenta is reached, from whose heights magnificent, everchanging mountain views delight the eye of the beholder.

Cars leave the station in Glendale 109 East Broadway, every hour, with extra service on Sunday.

### LATE BULLETINS

PARIS, April 16.—Myron T. Herrick is acceptable to France as ambassador from the United States, Premier Briand today informed the American government. Mr. Herrick was American ambassador in Paris at the outbreak of the war.

NEW ORLEANS, April 16.—A dispatch from Hattiesburg, Miss., stated that Southern Railway passenger train No. 41, known as the Cincinnati-New Orleans Limited, struck a washout and went into the ditch near Ellisville, Miss., this morning. Doctors and nurses have been sent out from Hattiesburg. New Orleans officials of the Southern Railway announce no one was injured, but traffic will be badly delayed.

SPRINGFIELD, Mo., April 16.—M. J. Purvis and Clifford Enner, the latter a negro, were shot to death here today by Lee Harold. Following his arrest Harold was immediately spirited away, so as to avoid a possible lynching. Purvis was killed by a stray bullet when Harold started firing at Enner, who, he claimed, "resided with his wife."

## ACACIA MOTHERS CLUB MEETING

The Mothers' Club of the Acacia Avenue school held its regular meeting at the school building yesterday afternoon, Mrs. O. W. Esselmann, presiding.

At this time plans were made for the May Day Festival to be held on the school grounds, May 6. This is an annual event eagerly looked forward to by the children as they have their share in the fun and are generously treated to ice cream cones. The next meeting day coming on the same day as the Spring Festival for the Federation, it was voted to have a short business meeting after the May Day program. Reports of the chairman of various departments showed splendid cooperation in all branches.

A great deal of enthusiasm was evidenced for the coming Chautauqua, May 11-17, and the school expects to make a good showing.

A committee on the constitution for the Parent-Teacher associations was appointed, consisting of Meses. Alexander, Windas and Slidell.

A committee was appointed to nominate candidates for office for the ensuing year. This committee includes Meses. Edwards, Bullis, Windas, Mc Nutt.

Mrs. Esselmann appointed the following delegates to attend the District Congress of Mothers to be held at Walker's auditorium, Los Angeles, April 28 and 29, Meses. Clark, Alexander, Evans, Alternates, Grant, Slidell, Hartman.

Mrs. Frances McLaren rendered two very delightful solos, "Julia's Garden" and "Flower Rain."

Little Miss Helen White accompanied on the piano by her mother delighted the parents and children with several whistling solos, "Invitation" and "The Sun Flower Dance."

Richardson D. White, superintendent of Glendale city schools, gave a very clear and concise talk on the proposed bond election to relieve the crowded conditions in all of the grammar schools. The parents realize the great need of more rooms and all agreed to do their part towards making the bond election a success.

Refreshments of home made cake and coffee were served.

### PERSONAL ITEMS

Mrs. J. T. Fanset of 1006 East Harvard entertained informally Thursday afternoon, Mrs. R. D. Angelica, Mrs. Jesse Smith, Mrs. Jack West, Mrs. J. A. Endicott, Mrs. Walter Jones, Mrs. Ray Goode, Mrs. Bert Ward and Mrs. Ed Wolbach.

Mrs. A. M. Williams of 208 South Orange had as her guest her sister, Mrs. Laura P. Joyce of Los Angeles. Mrs. Joyce is past state P. E. O. president and is attending the convention at Burbank.

Rev. and Mrs. C. R. Norton of 801 East Wilson entertained recently Levi Moss, an old comrade of Rev. Norton's during the Civil War days, and Dr. and Mrs. R. Day of Iowa, old friends of theirs in the east.

W. L. Taylor of 530 Oak had the misfortune of stepping on a nail Thursday, running it through his foot, causing quite a wound. He is unable to walk without a crutch and experiences considerable discomfort and pain.

Mrs. C. E. Hutchinson of 246 North Orange street attended a meeting of the state board of the Congress of Mothers, which was held today at the Friday Morning Club house in Los Angeles, and conducted by the state president, Mrs. Ewing, of San Jose.

The Mothers' Club of the Acacia Avenue school met Thursday with Mrs. D. B. Edwards, 521 East Acacia avenue. The ladies devoted the afternoon to making aprons which they will have for sale at the May festival to be given by the federation of Parent-Teacher associations.

Rev. C. A. Cole, 132 South Kenwood street, attended the banquet given to the women's section of the adult Bible class conference, last evening at the First Christian church in Los Angeles. He spoke on "A Definite Program for Service in the Adult Bible Class."

Miss Alta Lovell came out from Los Angeles last evening and attended the "Country Fair" at the bungalow of the Central Christian church. She will be a week-end guest at the J. M. Lovell home, 504 North Maryland avenue.

Mrs. H. C. David and baby son of Maricopa, are visiting Mr. and Mrs. J. S. Cleeland of 336 Ivy street. Last Wednesday evening was a time of special jollification as Mrs. David's brother and family visited them as well as several friends from Hollywood.

Mr. and Mrs. H. C. Anderson of 1339 East Harvard street, and daughter Viola, left today for their home in Glenwood, Minnesota. With them will go Alfred Dahlquist, who came overland with the party last November. The party will stop at Grand Canyon and Colorado Springs, camping whenever the weather permits. Two of the party who came with them last fall, will remain here, namely, Maurice P. Anderson, who is connected with the federal reserve in Los Angeles, and Everett L. Anderson, who is with the First National Bank of Glendale. Mr. Anderson, who is a real estate dealer, is delighted with California, and especially with Glendale and hopes to make this city his future home. He has ordered the Glendale Daily Press sent to their Minnesota home so that they can keep in touch with their Glendale friends.

## ELEVEN INCHES OF HEAVY SNOW IN DENVER TODAY

**Colorado, Wyoming, Northern  
New Mexico "Digging  
Out" Today**

### WORST STORM IN YEARS

**Low Temperatures Prevail  
Following Snowstorm and  
Heavy Damage Feared**

(By International News Service)

DENVER, Col., April 11.—Colorado, Wyoming and Northern New Mexico are "digging out" today, following one of the worst spring snowstorms and blizzards in a score of years.

Eleven inches of heavy wet snow in Denver tied up street car traffic and caused considerable property damage. The city was completely cut off from communication from the east and south at an early hour today. Meagre reports over crippled wires indicate that many towns in Colorado have over two feet of snow. Railroad trains are delayed. A passenger train on the Denver and Salt Lake railroad stalled in eight-foot drifts near Taber, Colo., and much difficulty is being experienced in carrying food to the passengers.

Telegraph and telephone companies report transcontinental wire service at a standstill because of hundreds of poles and many miles of wire being down in Kansas, Nebraska, Iowa and Colorado.

Low temperatures prevail today following the precipitation and fear is expressed of heavy damage to the fruit crop in western Colorado.

Stockmen declare the plentiful supply of hay and grain will protect the cattle from much suffering and the wheat belt of eastern Colorado will benefit much from the moisture.

No fatalities had been reported early today, but one man was missing near Colorado Springs where he was last seen in an abandoned automobile on a wind-swept road.

In many sections of Nebraska and Colorado heavy snow is reported, but wire facilities are so inadequate as to prevent gathering details.

Wisconsin is being swept by the most severe hail storm since 1910. In Milwaukee, a foot of snow lies on the streets and a gale is blowing.

A temperature of 29 above zero is reported at Fargo, N. D.

Much colder weather is reported from practically all of the northwest. In Chicago a 60-mile an hour gale swept the city, causing considerable damage. Some fears were expressed for the safety of lake vessels, but no reports of ships in danger have been received.

In the south the storm took the form of a tornado, spreading havoc throughout the states of Arkansas and Mississippi. Many lives have been lost and tremendous property damage has resulted. Rain and snow are falling in sections of the southwest. Kansas City reports snow with blizzards prevailing at Salina and Clay Center.

EAGLE ROCK, Ark., April 16.—Reports reaching Little Rock early today indicate that 39 persons were killed and scores injured in the tornado which swept over Southwestern Arkansas late yesterday. Property damage will be enormous and no attempt has as yet been made to estimate it. Relief work has begun in some of the stricken districts.

LITTLE ROCK, Ark., April 16.—With grim death and destruction stalking in its wake, the tornado which last night cut a wide swath through Hempstead and Miller counties had taken a known death toll of 39 this afternoon, with final count expected to reach 50.

More than 50 injured from rural communities in the two stricken counties are being attended by physicians in the hospital at Hope today, while friends and relatives continued a search of wreckage piled high on the farms.

## G. U. H. S. TEAM MAY REPLAY FRANKLIN

There may be some revision of the league baseball scores which will give Glendale's team a better standing. A communication has been received from Mr. Moore, principal of Franklin high in which he states they have just learned they have been playing an ineligible boy, viz., Donald Crandall. He came from Illinois and they did not know he was ineligible until after he had played in the third game. Those games will have to be forfeited unless they get a ruling from C. I. F. allowing them to replay the games with another man on the team. That would mean that Glendale would replay one of its games with Franklin.

Steve Packer, when a schoolboy, had serious thoughts of studying for the ministry.

**GLENDALE BOYS  
WIN TENNIS MATCH**

The tennis tournament between the boys' team of Glendale high and the Monrovia team was a walkaway, the match ending with score of 17 to 0 in favor of the Glendale players who were Morgan, Johns, McCourt and Beggs, in singles, with Morgan and McDonald paired in doubles, Beggs and Johns second doubles.

**SPOKE THE TRUTH**

Visitor—"The prisoner in cell 40 declares that he was put in jail for doing something good."  
Warden—"That's right; he swindled a minister."

**BROADWAY BLOCKS  
ARE IN PROSPECT**

Owen Emery reports that leases are now pending on the new building which he and his father plan to erect on East Broadway between Maryland and Louise and that it will be started as soon as these leases are executed. The Vert Mont hotel has been moved from the corner of Maryland and Broadway and is now en route to its new location. It is expected that Howard Walker will soon improve that important corner now vacant.

**GOING UP**

"He tried a dozen jobs in as many years. Nobody ever thought he'd be good for anything."  
"Well, he fooled 'em. Now he's an efficiency expert."

**NEW HIGH SCHOOL  
BUNGALOWS READY**

Next Monday morning Glendale Union high will begin to use the new buildings on the campus, including the girls' gymnasium and five class rooms which have been equipped with furniture and heat.

**UN-MERRIMENT**

"Wouldn't you like to see an old-fashioned comic opera with a chorus of merry villagers?"  
"No," replied the census expert. "It would be too untrue to life. Everybody seems to think that in order to be happy he must move into town. There's no such thing as a merry villager."

**THE UNIVERSAL CAR**

Here are the authentic figures from the Ford Factory at Detroit:

	Production	Deliveries
January .....	29,883	57,208
February .....	35,305	63,603
March .....	61,886	87,221
Total .....	127,074	208,032

April requirements already specify 107,000 additional cars and trucks, and the estimated April output of the factory and assembly plants combined calls for only 90,000 cars and trucks.

The facts clearly show that the demand for Ford products is growing much faster than the manufacturing facilities to produce, and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It is only a matter of days, therefore, until a big surplus of orders will prevent anything like prompt delivery.

SATURDAY, APRIL 16, 1921

## IT WASN'T A OUIJA QUERY EITHER

Asbestos houses have been sought by a long-headed merchant who dwells in one of the portions of the earth to which peace has not returned. Recently, the merchant has shown a little petulance because American manufacturers have not hastened to provide him with an article which, he believes, would be popular in his country.

## PIANISTS MUST BE BORN

Lightness of touch for the piano is inborn with some people; others may acquire it, but in such cases it will be more or less artificial. On the other hand some may never acquire it. Loud-talking, boisterous people will, in all likelihood, play loudly. Coarse-grained, brusque people (if any such play the piano at all) will not be apt to play lightly and delicately. One could scarcely imagine a young man who wore a green shirt producing ideal tones from a piano. So, after all, it is largely a matter of mentality and spiritual make-up. But it is also a matter of finger and muscular control, which may be secured by judiciously chosen and intelligently used exercises.

## ARE YOU REGISTERED FOR JUNE ELECTION?

One of the most important elections in the history of the city of Glendale will be held on June 28, when a full set of officers will be chosen under the provisions of the new charter recently adopted. There will be five trustees, city clerk, city treasurer, and five trustees for the city schools. Everyone is entitled to vote at this election who has registered since January 1, 1920, and has not moved since then from one precinct to another. If you have moved since you registered, it will be necessary for you to register again, or if you move within 30 days preceding the election date the same is true. Mrs. Myton, 104 South Glendale avenue, and Miss Isabella Tisdale, at the Chamber of Commerce headquarters, are authorized registrars.

## THE TROUBLES OF FORD'S WEEKLY

On account of the discussion of the methods and aims of big Jewish financiers by the Dearborn Independent, Mr. Henry Ford's weekly, attempts are being made in certain cities, notably St. Louis, Mo., and Chicago, Ill., to prevent the sale, on the streets, of that weekly. That kind of suppression is not likely to succeed. On the other hand it will probably boost the subscription list and will not help the case of the men who say they are slandered. In some minds it will underscore the indictments of the paper against those whom it considers offenders. Every form of race prejudice is to be condemned, and the abuse of the freedom of the press is peculiarly reprehensible, but the way to overcome these transgressions is not through wily manipulations of public officials to doubtful and irritating actions, but by reason and public enlightenment to dissipate erroneous convictions. The man who has truth on his side may expect to win in the end and one who has right on his side need not worry over flurries and outbreaks.

## WOMEN PAY BILLION IN INCOME TAXES

The modern era sees one of its most important developments in the place and power of woman in life. Every door is open to her and she does not refrain from entering. Year by year she becomes a greater factor in business and it is likely that nowhere else will her influence be more decidedly felt. Women control vast sums of money according to a statement given out by the Bureau of Internal Revenue. While no official estimate of the number of women who are expected to file returns this year is available, completed statistics for 1918 show that 266,000 single women, not heads of families, filed returns in that year, and that they paid taxes totaling \$790,902,600.

In addition, according to a statement of the bureau, there were 83,000 returns filed by single women who claimed an exemption of \$2,000 as heads of families, being the sole support in their households of one or more relatives. Tax collections from these women amounted to \$273,794,078, making over one billion dollars paid by single women alone, into the Government treasury in the revenue department.

"The number of wives making separate returns from husbands was approximately 36,000, and the amount of tax collected from this source was \$333,218,794." The statement adds: "These figures show that taxes paid by women form an important item in Government revenue."

## MRS. CHARLES GLOVER GIVES THIRD LUNCHEON

Mrs. Charles Glover of 414 Myrtle street gave the third of a series of luncheons, covers being laid for Mmes. William Berkeley, Walter Sperry, F. Holst, Theo. Stofforth, and George Allen of Los Angeles; Mrs. Charles Warnell of Altadena; Mrs. Louis Herzog of Hollywood; Mrs. Robert Beattie of Huntington Park; Mrs. Clarence Kaighn of Glendale.

The hostess used red roses as a floral centerpiece and the ladies enjoyed a social afternoon.

## JERSEY CITY PICKED FOR THE BIG FIGHT

(By International News Service)  
NEW YORK, April 16.—Jersey City will get the big fight. This announcement, while not official, is expected from Tex Rickard within a day or so. The promoter of the Dempsey-Carpentier knuckle-fest, scheduled for July 2, visited the city across the Hudson Thursday, took luncheon with Mayor Frank Hague and motored about town looking over spots where an arena might be built.

## COL. GEORGE HARVEY NEW AMBASSADOR

(By International News Service)  
WASHINGTON, April 16.—Confirmation by the senate of the nomination of Colonel George Harvey as American ambassador to London is expected soon.

The senate probably will take similar action on the nomination of Myron T. Herrick as ambassador to Paris.

Aside from informal discussion of plans for early passage of the Knox peace resolution, it is not considered likely that the committee will take any action with respect to it at today's meeting.

## BONEHEAD!

Hubby did not like the appearance of the cook a friend had sent them, so taking his wife aside, he said, "Don't hire her."  
"But," remonstrated his better half, "just think of the reputation for cooking she bears."  
"Never mind about her ability to cook," said he. "We don't eat 'em anyway."

## WHAT MOVIE FANS WANT TO KNOW

By JAY BALFOUR

LOS ANGELES, April 16.—Doug Fairbanks and his company are now at work on the filming of "The Three Musketeers." Studio officials promise that the costumes, more than a hundred in number, will be the most elaborate and picturesque ever shown on the silver sheet. The cast: D'Artagnan, Douglas Fairbanks; Athos, Leon Barry; Porthos, George Seigman; Aramis, Eugene Pallette; De Rochefort, Boyd Irvin; Buckingham Boniface; Sidney Franklin; Planchet, Charles Stevens; Cardinal, Nigel de Brullier; De Treville, Willis Robards; Father Joseph, Lon Poff; Queen Mary MacLaren; Constance, Marguerite De La Motte; Milady, Barbara La Marr; Louis XIII, Adolphe Menjou. Edward Knoblock, who has written the continuity, is supervising the making of the wardrobe in order to insure that the costumes are historically correct. "The Three Musketeers" is expected to be the star's screen masterpiece.

## New Face on Screen

There is soon to be a new face on the screen. It is that of Phoebe Hunt, whom the Goldwyn company has enticed from the speaking stage to play the leading feminine role in the all-star Frank Lloyd production of "The Grim Comedian," an original photoplay by Rita Weiman. Those who have watched Miss Hunt's work have referred to her as "the new Pauline Frederick." She was born and reared in San Francisco and made her first appearance on the stage in "The Beautiful Adventure," a Charles Frohman production, in 1914. She later appeared in vaudeville and then to broaden her experience played stock engagements in Tacoma, Seattle and Vancouver. She played in "Broken Threads," a New York production, and later appeared opposite George M. Cohan in "A Prince There Was." She created the leading feminine role in "The Acquittal," when that play was produced in Chicago. She was also seen in Arthur Hopkins' notable production, "Night Lodging," in New York city. Her work in "The Acquittal" attracted the attention of the Goldwyn officials, who expect her to prove to be the great find of 1921.

## Pauline Frederick Rumor

It is possible that Pauline Frederick will return to the stage next fall. "Tin Pan Alley," by Leroy Clemens and Thomas Grant Springer, is said to be the vehicle she has selected for her opening play and it is understood here that she will be under the management of A. H. Woods. Other noted film stars, according to rumors in circulation, will also forsake the movies for the footlights, among them Lillian Gish, and Alma Rubens. Miss Gish, they say, will vaudeville stage in a tabloid version of "Broken Blossoms." Miss Rubens is now studying a leading role in a spring production that will be put out by the Shuberts. Bill Hart is still being tempted by stage offers, but so far has given no sign of weakening in his determination to take a rest and enjoy himself writing stories for boys.

## Elinor Glyn Actress

Elinor Glyn, noted English authoress, now has the distinction of being an actress, for she has daubed her face with grease paint to play a small part in her own story, "The Great Moment," in which Gloria Swanson is starring at the Lasky studio. Madam Glyn says she has no intention of pursuing the acting art, although she declares she is enjoying the work immensely. Her purpose in playing before the camera, she says, is to gain a thorough knowledge of every angle that she might be better qualified as a screen writer.

## ST. MARK'S GUILD TO GIVE BAZAAR

The marking of aprons, the quilting of quilts and other sewing for the coming bazaar occupied the busy fingers of St. Mark's Guild at the morning session of their all-day meeting Thursday. It was planned to hold an all-day meeting every Thursday from now on until the date of the bazaar. A picnic luncheon was enjoyed at noon.

It being "Guest Day" on their calendar, the ladies presented a program of music and recitations in the afternoon. Mrs. John Cotton sang three solos in a very pleasing manner. She was accompanied on the piano by Miss Gertrude Champlain.

Mrs. Cotton also gave an interesting account of the work of a church in the Verdugo hills in which she is interested.

Guests of the meeting were Mmes. H. T. Lockwood, F. Dobert, C. Vogel, A. A. Bassett, H. W. Salisbury, F. A. Beech and John Cotton.

"Do you help your wife with the dishes?"  
"No. There isn't room for us both in the kitchenette."

## NEARS MILLION IN PERMITS TO DATE

## Building of New Homes and Business Blocks Steadily Increasing in Glendale

Records at the city hall show that 79 building permits had been issued up to this morning. The value of permits for April totals \$158,552, and permits for the year to date total \$973,475.

Those issued since the last published record in this paper are: Mary McElhenney, 4 rooms, 115 E. Garfield, J. J. Burke contractor, \$1900  
J. A. Heidt, 5 rooms, 433 W. Viola, by owner, 3000  
Agnes Bohannon, 2 rooms, 125 N. Everett, 1000  
Mrs. Elsie Lockwood, 5 rooms, 319 W. Lomita, W. E. Cleveland contractor, 4000  
C. Mahan, 4 rooms, 601 W. Milford, E. D. Yard contractor, 2500  
Will F. Hedges, remodeling, 207 W. Magnolia, 200  
Stanley Collum, 3 rooms, 216 S. Central, 2000  
J. E. Peters, 5 rooms, 440 W. Lexington, 3800  
T. W. Kober, 5 rooms, garage, 139 N. Olive, 2500

## UNION MEETING TO OPEN SUNDAY

A union young people's meeting will open the John Brown Tabernacle meetings. At 5:45 Sunday afternoon the Baptist Young People's Union, Epworth Leagues and Christian Endeavor societies and their friends will hold a meeting at the new tabernacle, corner of Harvard and Orange. Howard L. Brown, chairman of the Young People's work in these evangelistic services, says that a helpful interesting time is assured. Regular tabernacle meeting at 7:30.  
Don't forget—Register now for State Christian Endeavor convention, June 25-29. Five days of inspirational meetings for \$1.

GLEN AND DALE.

## BUILDINGS THAT ARE BEING MOVED ABOUT

William Nickrehm, the professional house mover, is exercising his permit from the city to move the Vermont hotel, from its present location at the corner of Maryland and Broadway to a lot near by on Maryland avenue. He is also moving a small house from 927 South Brand to 207 West Magnolia.

## Why Our Grade "A" Raw Milk is of SPECIAL QUALITY

We have always had a first-class herd of dairy cows. They have been tuberculin-tested every six months for seven years and we have never kept a tubercular cow on the place.

From this herd we have selected a few cows to produce a special grade of milk. They are specially fed on the best of mill-feed. There are no just-fresh or near-dry cows among them. They are kept in clean sandy corrals—no mud to lie in—and are curried and washed before being milked. They are milked by machine—absolutely dirt-proof. The milk is cooled and bottled immediately. We maintain a minimum bacteria count without using disinfectants—simply by keeping things clean.

## DEMobilize ARMY OF POLISH FEMALES

(By International News Service)

WARSAW, April 16. — Poland's Women's Battalion, of which the world heard so much in the last few years, is being demobilized. The majority of its 3000 members are returning to domestic pursuits after more than two years of military service. A small percentage will remain in government service as instructors of military education for women in schools which are being set up for them in Warsaw, Cracow and Posen.

Colonel Alexandra Zagorska, the commander-in-chief of the battalion, is supervising the demobilization from the cavalry barracks in Warsaw. She is a physician of Cracow who formed the battalion after losing her only son at Lemberg. Her husband, also a physician, is a professor in Cracow University.

Colonel Zagorska's office is a plain room, the walls of which are decorated with a colored print of Kosciuszko and one of Pilsudski. She is a pretty, mild-mannered woman of 35, who wears a khaki uniform of American cloth with a skirt resembling a riding habit and has three decorations on her breast. An orderly stands guard outside her door, and although there are none but women soldiers on duty there is an air of soldierly discipline about the place.

### Suffered 160 Casualties

"Our casualties," the Colonel said with the matter-of-factness of the experienced soldier, "have been little more than 100. We lost 40 killed at Lemberg and about 50 at Vilna. Now that peace prospects are bright for Poland our task is done and most of my soldiers will go home, those that have them, to be good wives and mothers, as women should."

"All of the 3000 women soldiers are being demobilized except one battalion, which is still doing duty at Vilna."

The Colonel estimated that 50 women soldiers have married while in the service. If they married soldiers, they continued in the battalion in preference to returning home while their husbands were also in the army.

While she was talking a company of women soldiers, trim, pretty girls not more than 30, were going through drill on the back grounds. They all carried rifles and sidearms and went through the manual of arms with the snap of veterans. "They are our best," she said with evident pride. "Most of those soldiers were recruited two years ago in Lemberg. They don't want to leave the service."

### Rigid Disciplinary Code

"Our discipline is just as severe as in the men's regiments. In fact, it has been the army's experience that women take a soldier's life more seriously than do the men and have a greater sense of fidelity than the men."

In reference to the governmental scheme for educating women as officers, Colonel Zagorska said: "The government has been so impressed with the value of women in war that it has decided to establish these schools for the military training of women in Warsaw, Cracow and Posen. We have already received 350 applications for admission to the schools from the battalion members living in Lemberg, where the legion was formed, and more are coming in from other parts of Poland. It shows the splendid spirit of the Polish women, who, more than the men, are responsible for keeping burning the fire of patriotism in the hearts of the Polish youth through all our years of oppression under other governments."

"These schools will provide the necessary military training for women as officers in the sanitary corps, the telegraph, telephone and educational branches of the army. In other words, an effort will be made to fill all those branches of the service with women so that in the event of war more men can be spared for the fighting line."

### Not All in Firing Line

"The popular impression seems to be that all the members of the Women's Battalion were on the actual firing line in the last two years of Poland's troubles. Only a small percentage of the women were placed in the line. Organized originally for the defense of Lemberg against the attacking Ukrainian army the legion grew fast. Its members took their place in the line at Lemberg and later at Vilna, which accounts for the comparatively large number of casualties we had at those two places. But the majority have occupied with post duty, guarding magazines and American Red Cross warehouses in Warsaw, Vilna, Lemberg and smaller places back of the front. Incidentally, the Americans have helped us considerably with such things as clothing and boots and we feel very grateful."

"Under the new training in the schools, women will enlist for three years and are liable to be called to the colors at any time within that period should the peace of Poland be endangered. One interesting proviso is that women with one or more children under seven can be exempted from military duty."

### Educational Standard

"The schools will take the best educated of the battalion members now being demobilized, which includes all classes. We have 500 young women who were governesses in the best families of Poland who are already enlisted in the new training scheme. The age limit is 35 years."

Colonel Zagorska said that the spirit of the Women's Battalion will not die with demobilization, but will be perpetuated through the schools which will get the pick of the original 3000 members. "Poland," she concludes, "is counting on us to do our duty in peace as well as in war, and just like the women of America or other countries we will not be found wanting when the call comes again."

### GROUND FOR SUSPICION

"I'm afraid that bank messenger we hired last week is crooked."

"You should not judge by appearances."

"I am judging by disappearance in this case."

## BORDER TRAFFIC IN GIN AND BRANDY

(By International News Service)

NEWPORT, Vt., April 16.—Defying death, injury and arrest, a host of rum runners along the New England-Canada line are using all sorts of cunning tricks to make quick and easy fortunes.

More than \$5,000,000 worth of liquor finds its way from Canada to the United States monthly, the authorities say.

Perhaps the most picturesque features of the border liquor traffic are the "line houses." The barroom built on the international boundary has long been a favorite setting for novelists and scenario writers. Many of these exist. Bars are mounted on wheels. When Canadian officers raid, bar is moved to the United States side of the room. When United States officers arrive bar is wheeled into Canada. Patrons enter door on United States territory, cross the room and buy in Canada. Officials, unless they cooperate and raid simultaneously, are helpless to make arrests.

### Plan Airplane Patrol

Crossing the line in airplanes laden with liquor was the first and most obvious method of nullifying the prohibition laws which presented itself to bootleggers. Moreover, to date it has perhaps been the most successful. This method of rum running is said to have been used in continuous since prohibition went into effect, despite the expense of its operation. To checkmate this form of traffic the Canadian authorities are said to be planning an airplane patrol of the border of Vermont, New Hampshire and Maine.

Here are some of the other ingenious schemes the wily rum runners use:

Fast motor boats loaded with liquor leave Canadian shore of Lake Memphramagog, preceded by speedy pilot boat innocent of contraband. Pilot boat near American shore. If federal officers are in evidence, pilot boat flashes warning to rum runners who are far enough out in lake to make their escape in spite of pursuit. If there is no danger the contraband is landed.

Two high-powered automobiles cross the line from Canada into Maine, the first carrying camouflage whiskey cases, the second loaded with genuine liquor. Government officials hold up the first machine. Its drivers turn out from the road and the search proceeds. While officers are thus engaged, the real whiskey runners in the second auto speed past at 60 miles an hour and escape.

### Spigot Is Exhaust Pipe

Automobile seized at Worcester, Mass., and found to have a false body—a hollow shell capable of carrying large quantity of liquor. Automobile said to have cost \$11,000 to construct. Believed to have been used for months in liquor traffic between the United States and Canada. Liquor poured into body by hidden opening near top of tonneau, and extracted from small tap at bottom. Hundreds of varieties of the false gas tanks discovered on automobiles Canadian and American points. False bottoms, small interior tanks, to be completely surrounded by gasoline and similar devices are common. One variety is divided into two compartments and turns on a pivot. One side is filled with alcohol and the tank is then revolved, bringing the gasoline compartment to the top.

### Naughty Rum Smugglers

Coasting schooners from Canada heave too off small islands near the Maine coast and consignments of bonded liquor are landed and carefully concealed. The liquor is brought off a little at a time by fishermen, who load their dories with a case or two of whiskey and cover the contraband with fresh caught cod fish.

Motor boats running between Canadian ports and towns along the upper Maine coast have been found to have hollow keels in which many gallons of whiskey have been brought into Castine, Sackett's Harbor, Machias, towns on Eggsmoggin Beach and Deer Isle. Liquor is shipped to Boston and other markets in cases labelled "lobsters" and containing a shallow layer of shell fish, in cars supposed to contain potatoes.

Scotch Gin and Brandy Pour In Ten gallons of whiskey seized in tonneaus of two automobiles shipped in a box car over the Canadian line. Liquor found in boxes labelled "No. 1 and No. 2 Phonograph Records. Handle with care."

Shipment of wires, in bales; pulpwood and honeycombs, packed and marked according to these classifications and addressed to reputable firms in the United States found at border to consist of rare Scotch, gin and brandy. Broken bottles in freight cars and resulting aroma aroused suspicion of authorities. Doubtless, hundreds of such shipments go through undetected.

### Cultivate the Porters

Crews of liners sailing from European countries have smuggled huge amounts of liquor to their friends in the United States. Whole cases of booze are thrown overboard outside the three-mile limit, and marked with a buoy. Smugglers in rowboats go after them under cover of darkness and bring the booty ashore. Nothing can be done to stop this unless the federal agents are fortunate enough to nab the smugglers in the act of landing the contraband.

Porters on international train runs are in a position to smuggle liquor with ease. Hiding places are found for liquor on the trains. The liquor is dropped off to confederates at stated places.

### REPLY DISCOURTEOUS

The discussion of the two friends had become heated.

"But any idiot can see that," remarked one of them.

"That's where you have the advantage of me," was the other's rejoinder.

## RETURN FROM HONEYMOON TRIP

(By International News Service)

Dr. and Mrs. P. H. Blong returned to Glendale from Catalina last evening after a short honeymoon trip to that delightful isle of glass-bottom boats and other attractions.

The Press had a short notice of their approaching marriage last Friday. Their marriage was the happy culmination of a romance of several months and the simple ceremony uniting these young people was held at the home of the bride, 347 Ivy street.

The house was beautifully decorated with tall baskets of dark red roses and sweet peas and sweet peas filled the vases and graced the tables from which a two-course luncheon was served the guests. The bride, who is quite petite, looked very lovely in white crepe de chine, made with accordion pleated skirt, surplice waist, round neck and tiny puff sleeves, and wore a corsage bouquet of Cecil Brunner roses. Mrs. Blong is the daughter of D. D. Kinyon and as Miss Eleanor Mae Kinyon has made many friends since coming to Glendale. She is a graduate of the Ohio Teachers' College and a teacher in the East Broadway school. Dr. Blong was a physician and surgeon in Elmore, Minnesota. He has closed his office there and expects to locate somewhere in Southern California. Mrs. Blong will finish her year at the Broadway school and she and the doctor will remain in Glendale indefinitely.

Only relatives and a few friends were present at their marriage, among whom were Mr. and Mrs. E. D. Kinyon and daughter Virginia, of Springfield, California, and Dr. Quinell of Elmore, Minnesota, formerly associated with Dr. Blong at that place. Dr. Quinell also plans to remain in Southern California.

## SMALL BLAZE AT THE GLENDALE SANITARIUM

(By International News Service)

Eucalyptus leaves which the recent winds had swept into a pile near the due of the incinerator in the new unit of the Glendale sanitarium and which in some way were ignited, were responsible for a small blaze that called the fire department to the sanitarium yesterday morning.

There was no damage at all to the inside of the building and very slight damage to the roof, a small stream of water being sufficient to extinguish the blaze.

Mount Ararat, in Armenia, the resting place of Noah's Ark, is 12,700 feet in height.

# New Nash Four

Perfected Valve-in-Head Motor

This NEW NASH MODEL

Now Ready for Inspection at

207 North Brand Boulevard

## PRICES OF NASH FOUR

Model 41--Touring . . .	\$1645
Model 42--Roadster . . .	\$1645
Model 43--Coupe . . .	\$2265
Model 44--Sedan . . .	\$2475

The Nash Four with valve-in-head motor is a quality car. Light in weight, it is especially economical in operation and combines those excellencies of power, comfort, beauty and pleasing performance which have caused the name Nash to stand for the best value in motor cars. Years of designing, testing, refining and perfecting preceded the placing on the market of this new member of the Nash line, and it has proved to be in every respect a worthy companion of the famous Nash Six.

Like the Nash Six, it offers an unusually sound motor car value. The Nash Four has as great worth for a car of its type as the Nash Six has proved itself to possess in the use of thousands of owners over a period of years. It meets squarely the demand for a high grade, light weight automobile of unusual economy, and the widespread interest which it has aroused points clearly to the fact that buyers generally recognize in it another striking Nash accomplishment.

As in all Nash automobiles, power is the outstanding characteristic of the Nash Four. Its perfected valve-in-head motor is the product of that same Nash engineering skill responsible for the perfected valve-in-head motor of the Nash Six which, in severe and long-time service, has well established its great power and dependability.

If the Nash Four were not being manufactured on a volume basis and in accordance with advanced Nash production practices, its reasonable selling price would have to be many dollars higher. Careful inspection will convince you that this fine Nash automobile is a leading value in the light car field.

## BOTH RAILWAYS AND MEN CLAIM VICTORY

### The Decision Handed Down Recognized Inequalities in Present Agreements

(By International News Service)  
CHICAGO, April 16.—Railways and railway employees each were claiming victory today in the decision handed down by the United States railway labor board late yesterday, in which abrogation of the existing national agreements regulating working conditions on American railroads on July 1 was ordered.

The railways asserted that the decision recognized the inequalities in the present agreements which the roads all along have contended imposed a burden on them. They called the decision, "a substantial step toward relief of the present situation."

Union leaders contended that the decision was in their favor in that the labor board announced it will promulgate reasonable rules after July 1 which will include groups of workers not included in the present agreements. They were pleased also over that provision of the decision which permits the workers to choose their own representatives for conferences to be held, with no hindrance to selection of officials of the national unions.

The decision of the board is that the present agreements shall not extend beyond July 1 but that in the interim railroads and their employees shall confer and agree among themselves upon such rules as they can agree upon. The board will be informed of the various agreements and disagreements resulting from these conferences and as soon as possible after July 1 will promulgate "such rules as it determines just and reasonable." Whatever the new rules are they will be as of July 1, 1921.

In promulgating its decision the board reviewed the claims of the contending parties and found merit in the arguments of each side. Certain rules, the board declared, "are unduly burdensome to the carriers and should in justice be modified." Other rules, it was said, might well be modified in the interest of employees.

## BANDITS HOLD UP AND ROB TRAIN

(By International News Service)  
CHICAGO, April 16.—Checks said to be worth half a million dollars were stolen today when three armed bandits held up an Illinois Central suburban train within the city limits of Chicago. The checks were taken from three messengers for the Chicago clearing house who were on their way to "clear" with several suburban banks.

## THREE MEN HANGED AT THE SAME TIME

(By International News Service)  
CHICAGO, April 16.—Sam Cardenella, gang leader who planned but never personally executed scores of crimes, according to the police and Sam Ferrera and Joseph Costanzo, "stick up men," who killed during the robbery of a bakery, were hanged in the county jail shortly after 10 o'clock this morning.

The three men went to their death at the same time and from the same scaffold. It was the first instance in the history of Cook county of three men being hanged at the same time.

The original plan had been to hang Cardenella separately and the two others a half hour later, but at the last minute the plans were revised. Cardenella, considered the most hardened of the three, collapsed as the death march began.

It was necessary to strap Cardenella to a chair and carry him to the gallows. Ferrera and Costanzo went to their death calmly.

Of the three hanged, Costanzo alone was resigned to his fate.

"I expected a reprieve," he said, "but I guess it doesn't make any difference."

Cardenella and Ferrera spent most of the night nervously pacing their cells or sitting sullen and downcast. Ferrera once broke out into a plaintive Italian lullaby and both he and Cardenella burst into tears.

Cardenella's wife and six children visited him in the jail last night. One of them is a babe in arms. The condemned man kissed them all many times and held the babe close in his arms for a long time.

Costanzo's wife, mother and two sisters also visited him, but he was sullen and said little.

Cardenella was hanged for the murder of Andrew Bowman, a crime for which two other members of his band already have been executed. Cardenella is said to have planned many crimes for his followers, but never to have taken a personal part in them. Ferrera and Costanzo paid the penalty for the killing of Antonio Varchetto, a baker, during an attempted holdup.

### THERE ARE EXCEPTIONS

"A woman is more graceful than a man," observed the sage.  
"Not when she's getting off a street car," commented the fool.—Cincinnati Inquirer.

## America Means Salvation to These Little Ones

The European Relief Council, which seeks to raise \$33,000,000 at the Christmas season, has been formed for the purpose of throwing the entire charitable energy of the United States into the vital task of providing food and medical assistance to 3,500,000 children in eastern and central Europe this winter. Representatives of eight great relief organizations, working independently, gathered overwhelming evidence that the plight of these unfortunate nates should take precedence in world charity until they are saved. The co-operating agencies which form the Council are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

## NEWCOMERS BUY HOUSES AND LOTS

Messrs. Parr & Davis, realty operators at 112 South Brand, report a recent sale to Arthur C. Kase of the Mrs. Adelia Brown property at 331 North Isabel. Mr. Kase and his family expect to occupy it very soon. The same firm has also sold to Mr. Kase a business lot on the east side of Brand between Wilson and California. He expects to improve it with a two-story building which will contain apartments above and stores below. Mr. Kase's business is the finishing of films and one of the stores he will personally occupy as a business location. He came to Southern California from Omaha, Neb., and after spending two months looking around, picked Glendale as the coming town.

Parr & Davis have also sold to Mr. Nelson of Oneida, Ill., the Ben Boland home at 369 Myrtle street. It has been renovated and the new owners have already moved in. Mr. Nelson also bought through the same firm a vacant lot in the 400 block on West Broadway in the expectation of improving the same with a residence.

Harry White (auto expert), in spite of his fears, made money through prohibition when he sold his La Canada vineyard.

## ANTI-JAP FISHING BILL IS TABLED

(By International News Service)  
SACRAMENTO, April 16.—Senator Inman's "anti-Jap fishing bill," which passed the senate after much debate, has been tabled by the assembly fish and game committee. Unless supporters of the bill on the assembly side are able to force it out on to the floor by resolution, and there is slim chance of that, the measure may be regarded as dead. The committee voted 9 to 1 for the motion to table, following the showing made by the Southern California Canning companies that its passage would be disastrous to the southern fishing industry, which is more than 80 per cent dependent on Japanese fishermen.

### WHO HAS THEM FOR SALE?

Young Mrs. Nurich (to nursery man): "I want some breadfruit trees sent up to our place at once. I'm sure they'll help to reduce the high cost of food."

Nurseryman (ignorant, but game): "Very sorry, madam, but they have been in such demand we haven't a tree left."

## LOCAL W. C. T. U. NAMES DELEGATES

An excellent meeting rewarded members of the local W. C. T. U. who gathered at the home of Mrs. Brandstater Friday afternoon.

After listening to a very interesting talk by Mrs. W. E. Yard, president of the local Social Welfare Council, the Union voted to become a member of the council paying yearly dues of \$5. There was also generous response to an appeal made by Mrs. Yard for bed linen and tools for a local family in need.

Members were urged to attend the county convention to be held in Pasadena next Wednesday, Thursday and Friday. The seven delegates to which the Union is entitled were named as follows: Mmes. L. E. Brown, Allie Sipple, Nannie Palmer, Edith Dossie, Marie Gifford, Edith Dockeray and Cora Pettit. Alternates appointed were: Mmes. C. A. Brandstater, J. E. Ford, Jennie Martin, A. E. Goode, E. D. Potter, Flora Smith and T. L. Brown.

As four members are also members of the county organization, the local Union will be well represented.

The next regular meeting of the City W. C. T. U. will be held with Mrs. C. H. Rowe at 216 South Orange, May 6.

## "BUY BRICKS FOR THE NEW CHURCH"

When the boys of Glendale were marching away to war several years ago, Rev. J. S. O'Neill enlisted as an army chaplain. His application, however, was held up, for some reason or other; so that it was November 5, 1918, before he received word from General Peyton March, chief of staff, that he had been appointed. Then the armistice was signed on the 11th day of the same month, so that Chaplain O'Neill was never called, of course.

"But you were a chaplain for a week," someone said to the pastor of Holy Family church. "You're entitled to a week's pay. What would you do with it, if Uncle Sam should send it to you?"

"Buy bricks for the new church, of course," was the laconic answer.

### NEW BUILDINGS IN SOUTH GLENDALE

A member of the firm of Bentley & Schoenemann reports that the erection of a new brick building is contemplated at Central and San Fernando, south of the Presbyterian church. Another new block is planned for San Fernando near Los Feliz road.

## FALSE FIRE ALARM AT SANITARIUM

A false alarm sent the fire wagons of Station No. 1 to the Glendale Sanitarium and hospital Friday night only to discover that nothing was the matter. The husband of the patient who chanced to be on the operating table at the time of the first alarm in the morning was made nervous by that circumstance. He saw escaping steam, mistook it for smoke, and the fire call was the result.

The first blaze was insignificant. It is thought to have been caused by the igniting of dried eucalyptus leaves blown by the wind into the outlet of an incinerator and fired by a spark.

gelistic Meetings.

## LOCAL MAN BUYS LOT ON ALEXANDER

Warren Schimmelfeng, realty operator, reports the sale of a lot on Alexander in the block west of Pacific avenue to George Sanford who has been a resident of Glendale and vicinity for 33 years and bought this lot for speculation. He believes in Glendale and in the future of its realty.

Realty values are again soaring in this city and that NOW is a good time to invest.

## Do You Know the Secret of Essex Leadership?

*It is the New Light Type With Big  
Car Ability. Can Any Light Car Rival  
Its Speed, Power or Endurance?*

Lightness today is an overwhelming advantage in a motor car, provided it means no forfeit of fine performance, endurance or distinctive appearance.

Yet, prior to the Essex, what car combined all these qualities? There were light cars to be sure. But none to meet the requirements of those who exact the highest standards of ability, comfort and good looks.

Had such a type existed, Essex could not have won such swift dominance. It could have set no world's selling record as it did, with a greater total paid for Essex than for any car ever brought out in its first year.

The very suddenness of its success shows how its qualities commanded attention. For men are not quick to buy a car that time has not proved.

And the Essex came unknown. Merit was its only advocate for recognition. Its quality was instantly obvious. In looks, in action, its appeal was dynamic. And it drew immediate response from all classes of motor users.

### ALMOST DOUBLES LIGHT CAR ENDURANCE

They found ability, speed and power before believed impossible in a light car.

Now see how Essex has justified all the fine things that have been said in its praise. An

Essex stock chassis set the official world's 50-hour endurance record of 3,037 miles. In three tests it traveled 5,870 miles averaging above a mile a minute. An Essex stock touring car also holds the world's 24-hour road record of 1,061 miles.

To those who had owned light cars, the Essex was a revelation. It gave them a new sensation of stability and power. They found charm of appearance, riding ease, and pride of ownership that comes from possession of a car they know none can surpass in performance.

### THE DOMINANT LIGHT CAR BY OFFICIAL PROOF

People accustomed to fine car qualities recognize in the light Essex all the performance, comfort and good looks that formerly were regarded exclusive to large, costly cars.

And with it Essex brings every advantage of the light type. These compel consideration. They consist not only of important economies, but of greater handling ease, safety and convenience. Parking for large cars is becoming an increasingly difficult problem. So, too, is their manipulation in heavy traffic. The light car clearly shows its value in greater nimbleness. The common sense facts prove it from every angle, the type for all-round usefulness.

When you know the appeal of the Essex you will scarcely be content to drive another car.

## Personal

IF YOU were suddenly to become a widow, could you educate your children and pay for the home? A monthly income for 10 or 20 years can be provided for this purpose. Address Box 50, Glendale Daily Press.

## Special Notices

DON'T COME TO THE PALACE GRAND Thursday evening unless you want "FOURTEEN" good laughs.

A SIMPLE WAY TO IMPROVE YOUR MEMORY

There are only four rules, and here they are:

Repetition, Attention, Association and Ingenuity, and here is how they work:

REPETITION of any of our Daily Display ads, for instance: "How to Read People on Sight," deeply impresses itself on your mind.

ATTENTION to the fact that this new science is of greatest value to you in your business, your family life, and with regard to the future of your children, also impresses you.

ASSOCIATION means that every time you try to impress your customer or failed to understand your friends, your husband, or the actions of your children, you instantly remember that Mr. Homer M. Baker's course in "How to Read People on Sight" will tell you.

INGENUITY is a trick of calling matters, persons or events to your attention in ways out of the ordinary, such as calling the above course of lectures to your attention through this article.

To these four add a fifth: SUGGESTION, to make a good advertisement complete.

Buy a ticket now, there will be on repetition.

On sale at Glendale Commercial School, Spahr's and Roberts & Echols' Drug Stores.

**GLENDALE LODGE**

Glendale Lodge No. 388, I. O. O. F., meets every Thursday night at 8 o'clock at 111-A East Broadway. A hearty welcome to visiting brothers and newcomers.
